EXPERIENCE

Founder — Humura AI

Humura AI *2026 - Present*

- Founded and lead Humura AI, a bilingual (Kinyarwanda and English) mental health ecosystem providing inclusive, empathetic support and bridging the wellness gap for the Rwandan community.
- Building AI-powered solutions and websites with AI-assisted development, applying skills from the ALX Founder Academy.
- Use Kinyarwanda extensively to teach and guide people on mental well-being.

Youth Community Volunteer

UR-CE Rukara Campus *2023 - Present*

- Participate in community service including house construction for vulnerable families
- Engage in environmental activities such as tree planting
- Promote youth participation in community development and leadership
- Use Kinyarwanda extensively to teach and guide community members.

Green rising ambassador - volunteer

We Got Your Back NGO *2025*

- Promoted environmental awareness and climate action among youth and community members through advocacy and education initiatives.
- Supported Rwanda's vision of sustainable tourism and conservation by encouraging responsible environmental practices.
- Collaborated with fellow ambassadors to engage communities in activities that protect natural resources and promote green development.
- Developed leadership, communication, and teamwork skills while representing youth in sustainability programs organized by the Rwanda Development Board.
- Used Kinyarwanda extensively to teach people about the environment.

Volunteer — Harm to Heal Initiative

Harm to Heal Initiative *2026*

Key Aims:

- Promote awareness of mental health and emotional well-being, encouraging people to seek support when needed.
- Reduce stigma, discrimination, and misconceptions surrounding mental health and create safe spaces for open conversations.
- Educate young people and communities about mental health challenges, prevention, and available support resources.
- Promote empathy, peer support, and positive attitudes toward people experiencing mental-health challenges.
- Encourage early recognition of mental-health challenges and timely access to appropriate support.
- Promote a more inclusive and supportive community where people feel safe discussing their mental health without fear of judgment.
- Used Kinyarwanda extensively to teach people about mental health.

Mathematics Teaching Facilitator

G.s rebero *01/2022 - 06/2022 Gicumbi*

- Delivered explanations in both English and Kinyarwanda to enhance comprehension
- Facilitated mathematics lessons for 30+ students weekly, improving understanding and performance
- Supported more than 300 learners during the teaching period and improved performance by 20%
- Encouraged interactive learning and peer collaboration
- Used Kinyarwanda extensively to teach mathematics, alongside English.

EDUCATION

Bachelor's of Education in Mathematics and Economics

Final-year student at University of Rwanda – College of Education (UR-CE RUKARA CAMPUS) *01/2023 Rukara Campus, Rwanda*

A2 Certificate in Mathematics, Economics and Geography

GS REBERO TSS – UPPER SECONDARY *01/2019 - 12/2022 Gicumbi, Rwanda*

SUMMARY

Final-year Education student, AI entrepreneur, and community leader with a strong passion for using Artificial Intelligence to solve real-world challenges. Native Kinyarwanda speaker with proficient English, comfortable holding clear, natural conversations in both languages. Founder of Humura AI, a bilingual AI-powered mental health platform focused on improving access to mental health support for people with disabilities and communication challenges. Experienced in developing AI-enabled digital solutions, mentoring young people, and mobilizing community initiatives. Certified by ALX Founder Academy, with a strong interest in AI innovation, entrepreneurship, and inclusive technology. Eager to contribute high-quality, natural Kinyarwanda conversation recordings that help AI systems understand and speak Kinyarwanda well.

KEY ACHIEVEMENTS

- **Tech Founder** — Launched Humura AI mental health platform.
